

Year One Spellings

Dear Parents/Carers,

Children in Year One will begin spelling checks next week. Please find a list of spellings to practise with your child. Each dated list shows you the week that the spelling check will take place. All three classes will have their spellings checked on a Friday.

The spelling checks are an informal way to allow teachers to assess children's progress through the year. If for any reason the check day needs to be changed during a particular week (special days or trips), your teacher will inform your child.

We do hope that you will support your child's learning by practising their spellings with them at home. On the reverse of this sheet you will find some strategies which you may like to use when practising spellings. These will help to make it a fun and useful learning experience.

Thank you for your support

Year One Staff
