

GLAD TO BE A CHIMNEY SWEEP

INTRO

Solo

In this life it pays to know a bit about a lot of stuff,
And in this life it pays to know a lot about a bit of stuff,
Then one day you specialize, choose a trade, capitalize,
All your skill and talent recognized.

Echoes with harmony

(Bit about a lot of stuff)
(Lot about a bit of stuff)

- 1 Coulda been a plumber, coulda been a drummer, coulda been the landlord of the pub,
Coulda been a sprinter, coulda been a printer, coulda been a coster, mind me barro',
Coulda been a writer, coulda been a fighter, coulda left you in a heap,
Got me broom, make some room, glad to be a chimney sweep.
- 2 Coulda been a cooper, coulda been a trooper, coulda been the captain of the ship,
Coulda been a doctor, coulda been a proctor, coulda been a coster, mind me barro',
Coulda been a preacher, coulda been a teacher, coulda sent you off to sleep,
Got me broom, make some room, glad to be a chimney sweep.

BRIDGE There's nothing quite like sticking your head up
Someone else's chimney,
Drop the kid down from the top,
Sweep the chimney as you drop,
It's a job I'd never swap,
Clean the grate, calculate,
What's the rate? Job's a good 'un.

- 3 Coulda been a jailer, coulda been a tailor, coulda been a sailor on the sea,
Coulda been a tinker, coulda been a thinker, coulda been a coster, mind me barro',
Coulda been a ruler, coulda been a jeweller, coulda done it on the cheap,
Got me broom, make some room, glad to be a chimney sweep.

Bend your knees, stick out your elbows, hook your thumbs in your braces,
We will show you how to dance around the fireplaces.
