Creatures!

Animals invade

AMAZE

Year 2 at Abbey went absolutely wild for their Australia-themed animal workshop! The kids were over the moon as they got to hold some of the most fascinating creatures from 'down under'. The lineup included a cuddly Kookaburra, slithery snakes, a tiny tree frog, a colourful parrot, and a majestic barn owl.

But the real showstopper was when the barn owl decided to leave its mark—literally! In a moment that will go down in history, the owl let out a bombshell, dropping a present right onto the carpet. The kids were in stitches as teachers scrambled to clean up the mess.

"It was the best day ever!" exclaimed one thrilled pupil. "I never thought I'd get to hold a snake, let alone a parrot!" The workshop was a roaring success, with every child getting hands-on experience with the amazing animals. Who needs a zoo when you can bring the outback to school? The kids left with huge smiles. And as for the carpet? Well, let's just say it's had a wild makeover!

**Eid Mubarak to our families
celebrating this weekend!**
