## Spinning plates!

Determination

### CIRCUS

On Circus Day, the Year 6 students embarked on an exciting adventure, learning a variety of circus skills, including plate spinning, diablos, and juggling. Throughout the day, they not only developed their physical abilities but also gained important life lessons.

The most valuable takeaway was the understanding that perseverance is key. The children learned that making mistakes is a natural part of learning and that success comes from trying again, even when things feel challenging.

It was a day filled with fun, laughter, and the realisation that with practice and determination, anything is possible!

### SUMMER FAYRE

If you can lend a hand before, during or after our summer fayre we would be delighted! It's a great event but incredible hard work and the more helpers we can get, the better for our children. Our 'Friends of Abbey' would welcome your support.
