Back in time!

WW2 Year 6 immersion

FACTS & ARTEFACTS

Year 6 stepped back in time for an unforgettable World War Two Day, immersing themselves in the sights, sounds and stories of the 1940s.

The children had the opportunity to handle a fascinating collection of genuine World War Two artefacts, bringing history to life and helping them to understand what life was like during this period of history. They became codebreakers as they created their own Morse code boxes, sending secret messages to one another, and put their detective skills to the test as they excavated archaeology boxes in search of hidden artefacts.

The children looked the part too, arriving in an amazing array of World War Two outfits. They also experienced a taste of 1940s life through a lively wartime workout and took on the challenge of secret identities and codebreaking as they worked together to plan the perfect wartime mission.

It was fantastic to see the children so engaged throughout the day. They asked brilliant questions, listened carefully to the historians' fascinating stories and showed great enthusiasm for every activity. Their curiosity and teamwork made the day a real success, and we hope they left with a deeper appreciation of the people and events that shaped this important period of history.

Thanks to Mrs. Falconer for the story.
